

U.S. Serial No. 10/799,719 ²
Amendment and Reply to Office Action of December 20, 2005

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1.(currently amended) A helicopter moving device, for operation by an individual to move a helicopter having skids and rear wheels on the skids, the helicopter moving device comprising:

a lever having a fulcrum, the lever having a length suitable for operation by an individual;

a helicopter skid connector including a helicopter support arm having opposed ends, each of the opposed ends ~~being adapted~~ having a clamp for connecting to a different one of the skids of a helicopter, the helicopter skid connector attached to the lever at a joint in a position such that movement of the lever in an arc about the fulcrum causes a corresponding movement of the helicopter skid connector that is capable of lifting a helicopter at one end of the helicopter to allow movement of the helicopter on the rear wheels of the helicopter by an individual operating the lever; and

a wheel mounted on the lever and acting as the fulcrum;

a handlebar attached to the lever;

a motor attached to a drive mechanism and the drive mechanism attached to the wheel for propelling the wheel;

the clamps being arranged for lateral adjustment on the helicopter support arm; and

the helicopter support arm being pivotally attached to the lever to rotate in a plane that contains both the lever and helicopter support arm

2-8. (Cancelled)

9. (currently amended) The helicopter moving device of claim [[8]] 1 in which the helicopter support arm is pivotally attached to the lever with a releasable pin.

U.S. Serial No. 10/799,719 3
Amendment and Reply to Office Action of December 20, 2005

10-20. Cancelled.

21. (New) The helicopter moving device of claim 1 in which the helicopter support arm is telescoping.
